PREFACE

First of all, the researcher would like to give a really great thankful to Allah SWT for providing her with the health and opportunity to conduct the research. Blessing and salutation may also upon the most honorable prophet, Muhammad SAW, who had brought us from the darkness to brightness and taught us to learn more and more about knowledge in this life.

This thesis entitled “The Correlation Between English Learning Motivation and Vocabulary Mastery During COVID-19 Pandemic Situation (A Correlation Study of 7th Graders at MTs in Jepara)” is submitted as compulsory fulfillments of requirements for S1-degree of English Education Study Program at Tarbiyah Faculty of State Islamic Institute of Kudus. In this research, researcher is carrying out research into the situation of the COVID-19 pandemic. It means that the content of the research not only focused on the correlation between English learning motivation and vocabulary, but also relate to the influence of the COVID-19 pandemic situation on students' motivation in learning English.

Through this thesis we come to know about the correlation between Students' English learning motivation and vocabulary during COVID-19 Pandemic situation. This thesis also contains some ways to improve students' English learning motivation in the limited time learning process during COVID-19 pandemic situation. Finally, the researcher hopes this research will be useful not only for the researcher but also for the readers.
