B. Suggestion

Research on taboo words is interesting to study to explain to the public the importance of knowing the meaning of saying taboo things. Based on the conclusions of the research above, the researcher makes suggestions for teachers, students, and the next researcher who is interested in English taboo words:

1. Teacher

Movies are a good solution for teaching sociolinguistics, especially taboo words. Students will feel happy and enjoy learning, thus simplifying the teaching process of taboo words.

2. Students

Taboo word is a part of a language that should not be ignored, or misused without knowing its meaning, type and motive. English students must improve their knowledge of the expression of taboo words, learn about taboo words through various media such as movies.

3. The Next Researcher

The researcher hopes that the next researcher who is interested in the topic of taboo words can use other theories and promote movie that have Islamic values. Research on Islamic movie is still rarely found. Through the existence of studies related to Islamic movie, it is hoped that they can make Islamic movie better known to the public as a learning medium of language.
